

U. S. MARINES ATTACKED
BY DOMINICAN REBELSSeven Marines Killed When Force
of Two Hundred Is Defeated by
Americans at Monte Cristi.

WASHINGTON, June 6.—Rear-Admiral Caperton, commanding the American forces in San Domingo, advised the Navy Department today that a rebel force of 200 attacked the U. S. marine camp at Monte Cristi yesterday. The rebels were driven off, seven of their number being killed. There were no American casualties.

"Well, I Swan!
My Corn's
Gone!"

Yes, sir, that's the way with corn when Pierce's Corn Plaster gets after them. Why, you can have your feet just as smooth as your hand if you'll use a Pierce's Corn Plaster after each corn. Pierce's is a happy ending to any corn's career—just snuffs the existence right out of it. And nobody ever heard of a tender foot after Pierce's Corn Plaster takes a corn off—no soreness left behind. Pierce's just leaves a sense of blessed relief.

Just try Pierce's Corn Plaster today. No bungy pain to shift about, no smelly liquids to get on the good live skin—Pierce's is a little thin plaster that you can forget after he's applied, but oh, how thoroughly he works! Money back if Pierce's isn't a corn cure. All druggists have Pierce's Corn Plaster. Or send a dime for trial package to Western Sales Co., 116 West 22d St., New York City.

CABINET TAKES UP
WILSON'S ANSWER
TO CARRANZA NOTEDiplomats Await President's
Stand on First Chief's De-
mand for New Declaration.

WASHINGTON, June 6.—The United States' reply to Gen. Carranza's last note was up for consideration at the Cabinet meeting today.

In diplomatic circles special interest was evident over the prospective attitude of President Wilson toward Carranza's insistence on another declaration by the United States of its intentions toward Mexico. A few diplomatic officials expressed the belief that the Mexican demand for such a statement "in the interests of all Latin-America" was prompted by foreign agents in Mexico City to counteract the pan-American movement.

COLUMBUS, N. M., June 6.—Indians living in the territory controlled by the American punitive expedition are not anxious for an early departure of the "invaders."

Residents of the towns of El Valle, Bachimba and Namiquipa, over which American troops exercise authority, asked Gen. Pershing recently for permission to organize home guards. Leave was given and the police squads, as they are called, placed themselves at the disposal of Pershing.

Although the campaign in Mexico is practically at a standstill, detachments are being detailed for duty against small bandit bands operating in the limited area held by Pershing's men. More extensive operations against larger bands, of which there are several, is impossible because of the attitude assumed by Carranza forces south of Pershing's lines.

Water Works Convention Here.
The thirty-sixth annual convention of the American Water Works Association began yesterday in the Rose Room of the Hotel Astor, with Nicholas S. Hill Jr., the President, in the chair. Addresses of welcome will be delivered this morning by Mayor Mitchell, William Williams, Commissioner of Water Supply, Gas and Electricity, and Charles Strauss, President of the Board of Water Supply.

AERO-TAXI COMING NEXT
AS RIVAL TO THE AUTOLord Mayor of London Predicts
Regular Service by Air Route
Within a Few Years.

LONDON, June 6.—Enormous strides in aeronautics in the course of the next four years are prophesied by Sir Charles Wakefield, the Lord Mayor of London, in an interview today.

"The aeroplane," said Sir Charles, "although capable of travelling faster than any bird, animal, fish or mechanically propelled vehicle, has not yet attained its fullest possible speed. While 140 to 150 miles an hour is now achieved, the near future will prove that 200 miles an hour or more will be the maximum speed."

The city business man, Sir Charles, confidently asserted, living fifty to a hundred miles away from his office, dropping into his own private aeroplane or calling an aero-taxi, would be at his country residence in less time than was now occupied in reaching the railway terminus from which at present he took a train for home.

He fully expected that within a couple of years he would be able to reach his estate at Hythe, seventy miles from London, in half an hour by aeroplane.

POLITICS!
In Mrs. Sarah E. Lyons the artful Moosers have appointed the first woman sergeant at arms of a political convention.

New \$10 Counterfeit Note.
WASHINGTON, June 6.—The Secret Service announced today the appearance of a new \$10 counterfeit bill. It is an easily detected imitation of the \$10 note issued by the Federal Reserve Bank of Dallas.

HISTORY OF FAT REDUCTION

Here is a bit of history published for the benefit of the overfat. For many years there has been published in the daily press "Marmola's Prescription of an eminent physician." No doubt you have seen it. Notice it carefully and decided that when you had the time you would try for yourself the merits of this mixture. Many have successfully used this harmless remedy to their everlasting joy and benefit to health. The same great physician has condensed his famous Prescription into convenient tablet form, so that you have only to take after meals and at bed time a remarkably pleasant little tablet containing all the active, pure, harmless ingredients of the original prescription. The pound-a-day reduction to your normal self comes without dieting, self-denial or exercise, and leaves no wrinkles or flabbiness. Marmola's Prescription Tablets are sold by all druggists or sent postpaid by the Marmola Co., 841-874 Woodward Av., Detroit, Mich. The price is 75c for a large case—a generous supply.—Advt.
